Mahmoud Cali

SOFWARE DEVELOPER

Profile

An aspiring Software Developer who has devoted the last one year planning a route into software development and finally completing a boot camp and acquiring host of different skills.

I am looking for a Software Developer role to kick start my career and further develop my skills.

Education

Full-Stack Coding Bootcamp , University of Birmingham

MAY 2021 — NOVEMBER 2021

A 24-weeks program includes instruction in high-demand technologies and frameworks including HTML5, CSS3, JavaScript, jQuery, Bootstrap, Express.js, React.js, Node.js, Database Theory, Bookshelf.js, MongoDB, MySQL, Java, Command Line, Git; and I have also worked on projects with my peers.

Level 3 BTEC Extended Diploma , South and City College Birmingham

SEPTEMBER 2018 — JUNE 2020

In this course, I have studied the core subjects of programming, mobile and desktop app development in industry standard languages such as JavaScript. I have also built a website using client-side languages such as HTML5, CSS3 and JavaScript.

TECHNICAL EXPERIENCE

Team Project | Languigi

Created a translating application called "Languigi" for people abroad that allows them to translate their favorite phrases into the most popular languages in an instant. This application also allows the users to plan their day ahead by the checking how the weather is like as it has a weather dashboard.

Tools Used:

- HTML
- CSS
- JavaScript
- API

Deployed Link

Project | Weather Dashboard

Created Weather dashboard application with search functionality to find current weather conditions and the future weather outlook for multiple cities using openweathermap API.

Tools Used:

- HTML
- CSS
- JavaScript
- API
